

Adapt-FIRST project Final Seminar

Finnish Environment Institute (Syke)
27 August 2024, 08:30-12:45

Programme (version from 23 August 2024)

Hybrid meeting in Syke's A building in Viikki:
Address Latokartanonkaari 9

[Registration](#)

Tervetuloa [Adapt-FIRST](#) -hankkeen loppuseminaariin! Welcome to the Final Seminar of the [Adapt-FIRST project](#)!

This comprises two sessions in English in which research results are presented, and a third session, in Finnish, to discuss implications of the results for climate change adaptation planning and practice.

Times are in Eastern European Summer Time (EEST)

08:15 – 08:30	Meeting open and coffee
08:30 – 09:30	Session 1 <i>Chair: Taru Palosuo (Luke)</i>
08:30 – 08:45	Welcome & introduction – <i>Timothy Carter</i>
08:45 – 09:10	Model descriptions and indicator selection – <i>project team presentations</i>
	Hydrological model WSFS
	Forest growth model PREBAS, fire & pest indices
	Crop growth model WOFOST
	Human mortality model
09:10 – 09:15	Discussion
09:15 – 09:30	IRS protocol, probabilistic projections of drivers
09:30 – 09:40	Short refreshment break
09:40 – 11:00	Session 2 <i>Chair: Annikki Mäkelä (University of Helsinki)</i>
09:40 – 10:40	Sensitivity, impact likelihoods and adaptation – <i>project team presentations</i>
	Floods, droughts & snow
	Forest growth & disturbance
	Crop yields
	Heat-related mortality
	Synthesis & conclusions
10:40 – 10:50	Commentary – <i>Ian Holman (Cranfield University, UK)</i>
10:50 – 11:00	Discussion
11:00 – 11:30	Refreshment break with light snacks
11:30 – 12:45	Paneelikeskustelu (Panel Session, in Finnish) <i>Fasilitaattori: Reija Ruuhela (FMI)</i>
	Mallien rooli riskinarvioinnissa sopeutumissuunnittelun tueksi <i>(The role of models in risk assessment to inform adaptation planning)</i>
	Panelistit: <i>Heta-Elena Heiskanen (YM), Eero Mikkola (Tapio Oy), Marjo Neuvonen (Luke), Maaria Parry (MMM/ELY-keskus), Tapio Tourula (Huoltovarmuuskeskus)</i>
12:45	Close of meeting – <i>Timothy Carter</i>
